UNIVERSITY OF MYSORE

DRAFT CIRCULAR.

Sir,

1) I am directed to state that, in the matter of the recruitment to the teaching staff of the University, the following methods will be adopted to give effect, generally, to the instructions of Government in this behalf, vide G.O.No.1411/12-C.R.B. 6-28-1 dated 7th August 1928, a copy of which was forwarded to you with this Office memo No.4017-29 dated 12-8-1928.

2) In the case of an appointment to a Professorship, the applications of candidates that are received in response to advertisement by the University, will be referred to a committee of specialists in the particular subject concerned and the recommendations of this committee will be placed before the University Council for consideration.

3) Vacancies of Assistant Professors will be advertised by the University and the applications received will be forwarded by the Registrar to the Principals concerned. In making their recommendation to the University Council, the procedure that is prescribed below should be followed.

4) In the case of other teaching appointments falling vacant in your College, the vacancies will be advertised through the Central Recruitment Board, and the applications received through that Board will be sent to you by the Registrar in original for your recommendation of suitable candidates.

5) Your recommendations should be confined to the candidates whose applications have been received by the Central Recruitment Board.

6) In forming your opinion on these, the main consideration should be the qualifications of the candidates for the particular

post and this consideration must be paramount : but the desirability and importance of securing adequate representation of Backward Community on the teaching staff as far as may be, with due regard to efficiency, must be kept in view.

7) When necessary and when candidates who are considered suitable are not personally known to you, they should be invited to attend for a personal interview. Notice of the date of the interview should either be served on the candidate or sent by registered post so that no question of non-service may arise later.

8) After interviewing the candidates and testing their ability and other necessary qualities such as up-to-date knowledge, powers of initiative and sympathy, efficiency in teaching, aptitude for original investigation, etc., with the assistance, where necessary, of the Professor in charge of the department concerned, the names of the most suitable candidates may be suggested for consideration at a meeting of the University Council. But, in every case where applications have been received from non-Brahmin candidates, a report should be made upon the qualifications of the best of these.

9) In cases where the appointment is such as will not be placed before the University Council, or when you do not attend or if you happen not to be a member of the University Council, you are requested to furnish your own opinion of each of the candidates selected, in sufficient detail.

10) In the case of ministerial appointments the selections and appointments to vacancies will be governed strictly by the rules of recruitment.
